PROFILE

Junior full stack developer with almost 3 years of hands-on experience building web applications across frontend, backend and databases. I work with PHP, Laravel, Vue.js, JavaScript, TypeScript and PostgreSQL, and I like turning ideas into clean, practical software.

EXPERIENCE

Junior Full Stack Developer

TechStore Creative Solutions | 2023 – 2026

- Contributed to a School ERP system for managing students, teachers, classes and scores, delivered for 13 schools.
- Worked on a cloud-based POS system adapted for many different businesses, as part of the TechStore team.
- Worked on loan management systems for RPRU (daily loan), RPRU Pawn Shop and RPRU Finance PLC.
- Built and maintained features across Laravel and Vue.js applications, including reports, forms and exports.
- Managed development environments with Docker and Linux, and used Git for version control.
